Mr. Richard R. Pexton
Distribution Accountant
1636 West North Temple
Salt Lake City, Utah 84116

Dear Mr. Pexton

Enclosed herewith is a Voucher for my services as Water Commissioner for Burnt Fork - Beaver Creek for 1986. I would very much appreciate a prompt payment. I have obligations to pay and am depending on this payment before Dec 1st, 1986.

Also enclosed is my 1986 report. In addition, I'm sending a break down of the Hoops Lake water users. I would hope a letter would go out to these informing them that a diversion and measuring device must go in before Spring on the East Fork of Beaver Creek - Gregory Basin Canal location. Please see to it that this letter gets to Mr. Jones.

A letter needs to go to Mr. Gino Farnini Lyman, Wyo. informing him to install a dead gate on his ditch that comes from Middle Beaver to East Beaver. This particular location is the worst problem I have. Thank you.

Sincerely

Steve B. Watkins
